##### **Title of the Event: DRIVING THE FUTURE WITH ELECTRIC VEHICLE**

**Date of Event: 19<sup>th</sup> Oct, 2022**

- **Event Objective:** On 19<sup>th</sup>Oct, 2022, CGC-COE Landran conducted a activity on "DRIVING THE FUTURE WITH ELECTRIC VEHICLE with an objective to inspire the students about the innovation taking place in modern world in the era of e-vehicles.
- **About the event:** The theme of the event was **INNOVATE, CREATE AND CELEBRATE**. If you want something new, you have to stop doing something old. To aware the students of **GOV. SENIOR SECONDARY SCHOOL, SAIDPUR** about ELECTRIC VEHICLES, a presentation was given by NSS Volunteer and faculty of CGC-COE Landran Mohali. Along with the presentation, a poster making competition themed **INNOVATION AND CELEBRATION** was also organized to enhance the creativity of students.
- After the presentation, refreshments were provided. To encourage the students, cash prizes were given to the winners. The seminar proved to be very beneficial for the students as they got to learn about the future of electric vehicles and also got a chance to enhance their creativity. About 100+ students participated in the event.
- As per the requirement of the schools, to maintain cleanliness in schools, dustbins were given as the token of love by the college. Overall, the teachers of the school also appreciated the event.
- Director Principal CGC COE, Dr. Anuj Gupta lauded the efforts of the NSS Volunteers, faculty and said that CGC will always stand by such noble causes and would always work for the welfare of the masses.

#### **Title of the Event: Seminar on Drug Abuse and Addiction Awareness**

**Date of Event: 21st March, 2023**

**Event Objective:** NSS Department (CGC College of Engineering) organized a seminar on the topic “Drug Abuse and Addiction Awareness” to aware the students.

**Brief Summary:** This seminar was organized offline on 21st March, 2023 and was delivered by **Dr. Kiran**, from **Mata Gujri College, Fatehgarh Sahib**, which continued from 11:30 am to 2:30 pm. A total of 90 students attended the seminar. **Dr. Kiran** wisely enlightened our students. Drug abuse and addiction is a disease that affects the brain and behavior. Addiction to drugs increases the urge to use them, no matter how much harm the drugs may cause. Drug abuse is when legal or illegal substances are used in ways that it shouldn't be used. Drug abuse may be in the form of taking more than the regular dose of medicines or using someone else's prescription. Drugs may be abused to feel good, ease stress or avoid reality. Addiction is when a behaviour cannot be stopped, and not just when it puts health in danger or causes financial, emotional and other problems for self or their loved ones. That urge to get and use drugs can fill up every minute of the day, even if there is an intention to quit.

Drug addiction isn't only about heroin, cocaine, or other illegal drugs, but also about alcohol, nicotine, opioid painkillers and other legal substances. At first, a drug may be preferred because of the way it makes the user feel. A user of drugs believes that how much and how often it is used can be controlled. But over time, drugs change how the brain works and the person loses control over its usage leading to damaging behaviours.

**Event Outcome:** The expert talks really enriched the student's brains with knowledge about the harmful effect of drugs. Overall, the lecture was very informative and various questions were asked by students.

**Title of the Event: The Future of Farming (An Innovative Technique)**

**Date of Event: 18<sup>th</sup> Oct, 2022**

**Event Objective:** On 18<sup>th</sup>Oct, 2022, NSS unit of CGC-COE conducted an activity on “**The Future of Farming (An Innovative Technique)**” with an objective to inspire the villagers and farmers of Sawara Village with innovative techniques of farming.

**About the event:** An awareness drive to celebrate Parivartan, an annual extravaganza of Fun Laughter and Social Concerns and to address the cause of pollution and food grain production enhancement techniques was held in Village Sawara near Landran here today. Teachers, NSS programme officer and NSS Volunteer from CGC-COE Landran reached the village and met the panchayat members as well as the Sarpanch of the village to discuss the future of agriculture and role of farmers and new farming techniques. Addressing the villagers it was enshrined that this is the need of the hour in a country like India where there is a population explosion and the day is not far when we are going to have street fights for water and food. It is only with the help of farming community in the country that this serious problem can be handled.

The farmers said that they need more help with innovative techniques and machinery so that they feel at par with farmers across the globe.

Pain of immigration and disintegration in the families was evident on the faces of the villagers. As S Surmukh Singh said that today we feel crippled as children have gone to foreign lands and there is no one to look after the farm lands.

Director Principal CGC COE, Dr. Anuj Gupta lauded the efforts of the faculty and said that CGC will always stand by such noble causes and would always work for the welfare of the masses.

S. Satnam Singh Sandhu, Chairman of Chandigarh Group of Colleges and S. Rashpal Singh Dhaliwal, President of Chandigarh Group of Colleges said that this event was a great accomplishment for all those who dedicated their time in making this event a great success.
